Spoke to Dayna Early and Will we will have someone from POIB in Command post in WR HQ with her and the rest of CP compliments.

Have also spoke to Windsor counterpart re: ambassador bridge and let them know we have people that can deploy for crown monitoring but need to iron out objectives, chain of communications and rules of engagement, haven't heard back as of yet

Dayna also mentioned that she had been informed from of another "slow role/protest scheduled for Saturday in Haldimand, Norfolk and that it was mentioned: "we are going to stretch your resources so you can help in Ottawa.." or something to that effect

Sir,
This is the concerning email I spoke about earlier. Dana Early is aware and both she and Rohan have been advised that highway closure is non-negotiable.

Chuck, Pat was going to get back to us after his Hendon call – if you think appropriate for intel please share.

We discussed this on a WR / HSD / FSB operational call and Pat joined us.

WR [REDACTED] were contacted by [REDACTED]
[REDACTED] advised he just got off a phone meeting with fellow organizers from Sunday's event in Sarnia/Lambton.

[REDACTED] advised the following:

- The group fully intends on doing another highway shutdown and there is nothing OPP can do
- They want to block the highway further away from the border, and have chosen near the exit of Kerwood Rd on the 402 WB.
- The group has an "ask" for the OPP
 - If OPP shuts down the exits on either end of the protest, they need to allow other farm tractors, or tractor trailers whom wish to attend through the OPP barricade and allow them to join the protest
 - [REDACTED] stated that its in OPP's best interest as they will find a way around to get to the 402 even if the OPP don't agree to this
 - [REDACTED] referenced the situation in Alberta
- This event is planned to begin on Friday February 11th at 6am
- They will keep the highway closed until the mandates are lifted
- [REDACTED] made reference to when the ground thaws the farmers will be busy again and likely have to pack it in
- [REDACTED] stated the group wants to go now since the Windsor border is currently closed from a

different group but [REDACTED] has been pushing them to wait as he wishes to have the OPP involved and to plan ahead

- The group believes the area near Kerwood is ideal as the farmers can leave their tractors, and walk home to get food and to shower
- [REDACTED] stated the group wants their voices heard and they want to be seen
- When [REDACTED] addressed the "ask" regarding OPP allowing certain vehicles within the barricade, and the intention to keep the highway shut indefinitely, [REDACTED] told [REDACTED] "you're not going to stop these guys"
- [REDACTED] told [REDACTED] they would contact him in the morning to speak further on this
